linkedin.com/in/chennakeerthana — github.com/Keerthana58-stud

PROFESSIONAL SUMMARY

Engineering student specializing in data-driven software systems and applied machine learning. Experienced in developing analytical pipelines, deploying ML workflows on Azure Cloud, building scalable backend systems, and creating interactive dashboards for data insights. Interested in applying data science and automation techniques to optimize industrial systems, reliability, and performance.

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning

Aug 2023 – May 2027

Malla Reddy Engineering College for Women, Hyderabad

CGPA: 9.18 / 10

TECHNICAL SKILLS

Languages: Python, Java, SQL, JavaScript, C

Data & ML: Scikit-learn, BERT, Hugging Face, NLP, Predictive Modeling

Frameworks: FastAPI, Flask, React.js, Node.js, Streamlit

Databases & Tools: MongoDB, Redis, Kafka, Docker, Git

Cloud: Azure ML, Cloud Deployment

Visualization: Matplotlib, Streamlit Dashboards

EXPERIENCE

Azure ML Intern — Edunet Foundation

May 2024 – June 2024

- Designed and deployed end-to-end machine learning pipelines on Azure including data preprocessing, model training, evaluation, and deployment.
- Collaborated using Git-based version control in an agile development environment.

Machine Learning Intern — Skillfield

May 2024 – June 2024

- Developed and optimized predictive models on large datasets, improving performance through feature engineering and hyperparameter tuning.

PROJECTS

CommerceMesh — Scalable E-commerce Platform

Flask, React, MongoDB, Redis, Kafka, Prometheus

- Built modular REST APIs for product management, authentication, and order workflows.
- Implemented Redis caching to optimize response time and reduce database load.

EduMentor — AI-Based Academic Risk Detection System

FastAPI, React, MongoDB, NLP

- Developed predictive models to analyze student performance and detect academic risk levels.
- Built structured APIs for automated data processing and recommendation generation.

CERTIFICATIONS

- Cisco: Advanced C Programming
- Cisco: Python Essentials
- Cambridge English Certification
